

IMPORTANT INFORMATION

Due to the strong growth in student numbers the school has outgrown the existing building.

Accordingly the school has acquired the nurses school in Agervang by the side of the hospital which recently became empty.

The school plans to relocate during the autumn as soon as some building improvements have been carried out.

The additional space means we can now accept more students in most classes.

The school administration is now closed for the summer holidays but if you require further information during this period you may call the following numbers or email.

Steve Hall, Chair, Sønderborg International school

Tlf. 00 45 42 98 00 59

Henrik Kristensen, Headmaster

Key facts

Students are educated using a mixture of the Cambridge curriculum in preparation for taking the I.G.C.S.E exam and at the same time prepared for the Danish F.S.A.

Normal class sizes are a maximum of twenty students. Students are accepted from age 5 to age 16. The school also operates an International kindergarten in cooperation with Sønderborg Kommune.

The school operates an after school programme (S.F.O) for those that require it.

Students are from 19 different countries however approximately 65% are Danish.

Danish is taught both as a first and second language.
